ZipTel Lodges R&D Tax Incentive Claim

ZipTel Limited ("**ZipTel**" or "the **Company**", ASX: ZIP) is pleased to announce that it has arranged for lodgement of a claim for a refundable offset under the Federal Government's Research and Development ("R&D") Tax Incentive Scheme ("R&D Scheme").

Tax advisor BDO Australia has assisted the Company in identifying circa \$2.5M in eligible expenditure within the 2015 financial year. Under the R&D Scheme, the Company can claim 45% of eligible expenditure as a refund and meets eligibility criteria for cash payment of this refund. Subject to regulatory approvals, the Company has been advised that it can expect to receive the refund in the coming weeks.

About ZipTel

ZipTel is an Australian owned and operated telecommunications business focused on providing international roaming and calling solutions to the consumer, using state of the art technologies developed and wholly owned by ZipTel Limited. ZipTel listed on the ASX in July 2014 with its core focus the Zipt mobile based communications application. A video outlining Zipt 2.0 is available at the following link: <http://zipt.com/z2preview>.

About Zipt

Zipt is a mobile-based international communication App that enables consumers to send SMSs and make international calls for free between users. The App can also call any landline or mobile at some of the world's lowest call rates. Zipt delivers crystal clear sound quality in lower bandwidth data environments and allows consumers to retain their existing phone number, service provider and SIM card, with no lock-in contracts. Zipt does not require a SIM card and can be installed on any smartphone or tablet on compatible platforms. Zipt uses less data than similar products already available on the market, and can be used over Wi-Fi or any mobile network. For more information visit www.zipt.com.
